CIRCUIT TESTERS AND HOME MONITORING PRODUCTS

ELECTRICAL INNOVATION SINCE 1909

Reliance Controls Corporation has been manufacturing high-quality electrical products since 1909. We have built a strong reputation not only for the quality of our products, but also the manner in which we conduct our business. We strive to exceed the expectations of our customers.

Products in this catalog are listed by Underwriters Laboratories, Inc. and are suitable for use in accordance with U.S. and Canadian National Electric Codes.

CONTENTS

EXTRA-DUTY In-Use Weatherproof Covers

Plastic Single and Double Gang	
● CW1PC Single Gang Gray / Clear	6
● CW1PCW Single Gang White / Clear	6
● CW1PG Single Gang Gray / Gray	6
● CW1PW Single Gang White / White	6
● CW1PB Single Gang Bronze / Bronze	6
● CW2PC Double Gang Gray / Clear	6
● CW2PG Double Gang Gray / Gray	6

Plastic Adapter Plate

● CAP1PG Single Gang Adapter Plate / Gray	6
---	---

Plastic Single and Double Gang Low Profile Expandable

● CW1PLPG Single Gang Gray / Clear	8
● CW1PLPW Single Gang White / Clear	8
● CW1PLPB Single Gang Bronze / Clear	8
● CW2PLPG Double Gang Gray / Clear	8

Plastic Single Gang Super Deep Cover

● CW1PDC Single Gang Gray / Clear	9
-----------------------------------	---

Metal Single and Double Gang

● CW1MVG Single Gang Vertical Gray / Gray	10
● CW1MHG Single Gang Horizontal Gray / Gray	10
● CW1MDVG Single Gang Vertical Deep Gray / Gray	10
● CW2MG Double Gang Gray / Gray	10

Plastic and Metal Flat Covers

● CW1PFC Single Gang / Clear	11
● CW2PFC Double Gang / Clear	11
● CW1MFVG Single Gang Vertical / Gray	11
● CW1MFVW Single Gang Vertical / White	11
● CW1MFVB Single Gang Vertical / Bronze	11
● CW2MFG Double Gang / Gray	11

Ceiling Fan and Light Fixture Support Boxes

Metal with Metal Cover

● FB105 1/2" x 4"	14
● FB115 1 1/2" x 4"	14
● FB121 2 1/8 x 4"	14

Plastic with Plastic Cover

● FB213 12 Cubic Inch x 4"	14
----------------------------	----

Metal with Metal Cover with Side Mount Bracket

● FB215 1/2" x 4"	15
● FB221 2 1/8 x 4"	15

Metal with Metal Cover Stud-Span Brace Kits

● FB315 1/2" x 4" New Construction	15
● FB321 2 1/8 x 4" New Construction	15
● FB415 1/2" x 4" Remodel	15
● FB421 2 1/8 x 4" Remodel	15

Flat Screen TV Cord and Cable Management Kits

● EC100 TV Cord Cover Kit / On Wall	18
● EC200 Low Volt Cable Installation Kit / In-Wall	18
● EC300 High and Low Volt Cable Installation Kit / In-Wall	18
● CA110 For on-wall mounting of single conductor wires	18
● CA210 For on-wall mounting of multiple conductor wires	18

Circuit Testers & Home Monitoring Products

● THP101 Non-Contact Voltage Tester	22
● THP109 Circuit Scout Circuit Breaker Locator	22
● THP103 AmWatt Appliance Load Tester	22
● THP102 Plug-In Circuit Analyzer & GFCI Check	22
● THP102P Plug-In Circuit Analyzer & GFCI Check w/40" Cord	22
● THP105 PIVI Plug-In Voltage Indicator	22
● THP207M PowerOUT Power Failure Alarm and Flashlight	23
● THP205 Sump Pump Alarm and Flood Alert	23
● THP111 SoniCORD Key Appliance Power Failure Alarm	23
● THP217 Phone Out Freeze and Power Outage Call-Out	23
● THP108 PowerBACK Utility Power Return Alarm	23

EXTRA DUTY IN-USE WEATHERPROOF COVERS

For commercial and residential use

Model Numbering System

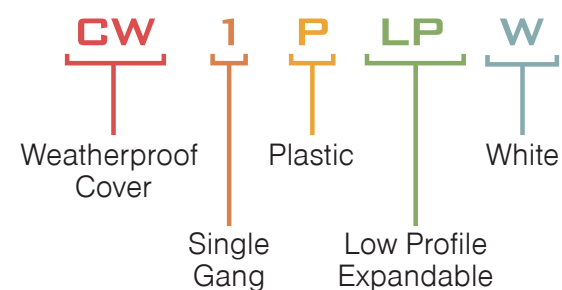

Reliance Controls EXTRA-DUTY Plastic and Die-Cast Aluminum Weatherproof Covers are built tough to keep 125 and 250 Volt receptacles dry, clean and undamaged for years of steady commercial and residential use. Patented features of our covers allow the greatest number of outlet configurations and let you maintain the most debris and insect free compartments possible.

Reliance EXTRA-DUTY Weatherproof Covers are available in strong polycarbonate single and double-gang, expandable low profile and super deep housing enclosures. We also offer a full line of single and double-gang die-cast aluminum horizontal and vertical enclosure types.

Our Weatherproof Covers are built to meet or exceed NEC 2017 building standards outlined in Article 406.9 (B)(1) for wet locations and EXTRA-DUTY applications and CEC 2015 Section 26-702.

CIRCUIT TESTERS & HOME MONITORING PRODUCTS

By listening to our customers as they prepare and react to power outages, we've developed this innovative group of electrical **CIRCUIT TESTERS**. We designed them to make generator transfer switch installation as well as everyday electrical jobs easier and safer.

Our storm-related **HOME MONITORING PRODUCTS** warn you of power outages and home flooding, alert you to accidental power interruption to important plug-in devices and even phone you anywhere if the temperature in your home or cabin approaches freezing.

VOLT SNOOPER NON-CONTACT VOLTAGE DETECTOR

Item#	Description	UPC	Pack Qty.
THP101	Non-Contact Voltage Detector	8-51890-00001-0	10

- Handy pen-size device checks for the presence of live voltage between 50-1000 AC Volts (50-60 Hz) without need to contact bare wire leads.
- Visual and audible signal indicates current.
- Pushbutton activation of voltage detection.

CIRCUIT SCOUT CIRCUIT BREAKER LOCATOR

Item#	Description	UPC	Pack Qty.
THP109	Circuit Breaker Locator	8-15181-01277-9	5

- Electrician-inspired plug-in device for detection of the right circuit breaker the first time, every time.
- Eliminates need for a second person on the job.
- Plug the Circuit Scout into the outlet you want to trace. Turn on sonic and increase volume as needed. Then go turn off the correct breaker to stop sonic.
- Built in wiring analyzer.

AMWATT PLUG-IN APPLIANCE LOAD TESTER

Item#	Description	UPC	Pack Qty.
THP103	Plug-In Appliance Load Tester	8-51890-00004-1	3

- Instant reading of either Watts or Amps used by any plug-in device.
- Determine the wattage rating you'll need from a generator in a power outage.
- Plug AmWatt into a 120 Volt live outlet. Plug your appliance into AmWatt. Read watts (up to 1875) or amps (up to 15) on LCD display.

CHECKOUT PLUG-IN CIRCUIT ANALYZER AND GFCI CHECK

Item#	Description	UPC	Pack Qty.
THP102	Plug-In Circuit Analyzer and GFCI Check	8-15181-01066-9	5
THP102P	Plug-In Circuit Analyzer and GFCI Check - 40" Cord	8-15181-01067-6	5

- Plug CHECKOUT PRO Plug-in Circuit Analyzer into 120 Volt standard or GFCI outlet. LCD light pattern tell you of wiring flaws. Push button for GFCI check.

PIVI PLUG-IN VOLTAGE INDICATOR

Item#	Description	UPC	Pack Qty.
THP105	Plug-In Voltage Indicator	8-51890-00056-0	5

- Plug PIVI into any home or portable generator outlet. Read the voltage level output on the LED lights
- Voltage Readings: RED- Too High (over 132 Volts) = can damage home devices; GREEN- Good (108-132 Volts) = home devices are safe; AMBER- Too Low = can damage home devices.

POWEROUT! POWER FAILURE EMERGENCY LIGHT

Item#	Description	UPC	Pack Qty.
THP207M	Power Failure Emergency Light & Alarm	8-51890-00062-1	5

- A compact plug-in emergency light and alarm. Under normal utility power conditions the PowerOUT is a subtle night light. But when a power outage occurs, it becomes a 78dB alarm with a powerful LED path- or portable flashlight that lasts up to 3 hours.

EARLY WARNING SUMP PUMP ALARM & FLOOD ALERT

Item#	Description	UPC	Pack Qty.
THP205	Sump Pump Alarm and Flood Alert	8-51890-00061-4	5

- Our simple and effective sump pump alarm is designed to sound an extra-loud 105dB alarm when the water in a basement sump pump crock rises to warn you of basement flooding. Accessory suction cup on sensor for use in laundry rooms.
- Features include
 - Wall-mountable
 - 6-foot sensor probe wire with crimp-on sinker weight to allow sensor to hang in sump crock at correct level.

SONICORD KEY APPLIANCE POWER FAILURE ALARM

Item#	Description	UPC	Pack Qty.
THP111	Plug-In Appliance Load Tester	8-15181-01056-0	3

- This alarm plugs IN-LINE between the power outlet and the appliance being monitored. It sounds a piercing 104 dB alarm for 90 seconds when power is cut-off to the appliance. Great for refrigerators, freezers, aquariums, wine coolers. Uses 2 rechargeable batteries (included).

PHONE-OUT FREEZE ALARM FOR HOME OR CABIN

Item#	Description	UPC	Pack Qty.
THP217	Alarm for Home or Cabin	8-51890-00099-7	3

- This alarm connects to the land line phone in your home or cabin. It lets you program five numbers to call you or neighbors when room temperatures drop below 42 degrees.
- Keypad base plugs into phone line and electrical outlet.
- Tone alarm on phone call received.
- FCC approved

POWERBACK UTILITY POWER RETURN WARNING ALERT

Item#	Description	UPC	Pack Qty.
THP108	Plug-In Voltage Indicator	8-15181-01055-3	1

- PowerBACK connects wirelessly to your main electrical panel to alert you when utility power returns after a power outage. For use when entire panel is shut down while a generator is used.
